PARKING

When you drive into the complex, go through the stop sign. Continue up to the town square and turn right onto a loop, which is one way to the right. Our office building is on the right side of the square. At the end of the first part of the loop, you will see a driveway under a brick archway that leads to the parking deck. You can park on the surface level (uncovered) or proceed down to covered parking on levels 2-5. Park in any unreserved spot, or in one of our reserved spaces on level 4 (if available): 111, 112, or 113. All parking is free. Walk to the elevators which will bring you up to P6 and then turn right, which allows covered access to the office building. If you will only be parked for 5 minutes or less, there is the option of 5-minute timed parking located in the square, directly in front of the office building.

After parking, walk along the front of the office building past the Edward Jones sign and enter the lobby through the double doors. Once in the lobby, walk straight ahead to the elevator bank and take an elevator to the fourth floor. We are Suite 450 – you will see our door when you step off the elevator.
